

SPX Industrial Oil

## SPX ROCK DRILL OIL

### PRODUCT BENEFITS

- High Viscosity Lubricant
- Extreme Pressure Capabilities
- Proven anti-friction formulation
- Proven adhesion properties in wet environments

**SPX Rock Drill Oils-** are formulated with premium Group I and Group II base oils coupled with the latest extreme pressure, tackiness, and emulsifier additive technology. This combination produces a superior long lasting, heavy load bearing industrial Rock Drill Oil suitable for application in Rock Drills, Heavy Pneumatic tools, and Gear Boxes. SPX Rock Drill Oils protect equipment from wear and corrosion while extending equipment life.
